

Dolley helps with transport and increases the longevity of the bin

# Marin Sanitary Service

CONSERVATION — OUR EARTH, OUR MISSION, OUR JOB

The purpose of this guide is to give businesses ideas for containers that can be used indoors and outdoors to collect recycling. Marin Sanitary Service, does not provide containers for internal collection. Our carts are intended for curbside pick-up of materials. You may also want to check your local businesses for recycling bins (such as office supply and hardware stores). Keep in mind when shopping that Marin Sanitary Service is a 4 cart system. Purchasing containers to match this system may be easiest so that no further sorting needs to be done after items have been placed in the bins (**blue**-clean paper/cardboard; **brown**-glass/plastic/aluminum; **green**-organics; **black**-garbage, goes to landfill).

<b>Bagit© System</b>	<a href="http://www.bagitsystem.com">www.bagitsystem.com</a>	Unique recycling bags with stand; variety of products to promote recycling programs in multi-tenant facilities.
